

# Informational Meeting: Field Trip to the Adige River Basin

Water Management at the Catchment Scale

Dear Students,

We would hereby like to invite all interested master's students to attend the informational meeting about the **Field Trip to the Adige River Basin**.

The meeting will be held at the **Room 0506.EG.606** on the **14th of November 2017** at **14H00**. We will cover information regarding to the activities and program of the trip, as well as scientific topics and assignments for participants.

We remind you that this activity is part of the course **“Water Management at the Catchment Scale”** and students from the Master in Environmental Engineering will have preference in the selection process.

**Important:** Registration is opened during the meeting. The **payment of the fees** (75,00€) is **required** for being registered.

For further information please send an e-mail to [gabriele.chiogna@tum.de](mailto:gabriele.chiogna@tum.de).
